- Grow engagement throughout all relevant channels
- Develop SEO and SEM strategies
- Establish a style guide and standards across digital products together with the management team
- Be aware of the latest and upcoming trends in the digital space and share them with the team once per month

- Own the digital space and guarantee a professional output: style guide, content, copy creation, calendar, key channels

Do you love events as much as we do? Live Communication, digital and hybrid events are our passion. Do you have at least 4 years of experience in creating digital campaigns, establishing digital strategies and a profound knowledge of analysing data? Are you a curious, flexible, and creative person seeking for a new challenge that offers you a space for innovation? Are you a true team player, constantly challenging the status-quo and having fun by creating something inspiring? Are you an English native speaker, ideally fluent in German too and love learning?
